

ARTE H16

BARiL

STYLE × FUNCTION

The ARTE H16 kitchen faucet is part of the 30 mm collection, which should hint you at one of the characteristics the designers were looking for during its conception. The use of a smaller cartridge allows a slender profile with a diameter of, you guessed it, ...30 mm all along the faucet! This sleek, contemporary faucet brings to your kitchen the modern and luxurious BARiL touch that you know and love.

ARTE H16

Automatic docking

Ensures the head locks in its original position

Smart Handle Design

BARiL
STYLE × FUNCTION

The handle only rotates 15° towards the back to avoid knocking on the backsplash and to allow comfort of use even in minimum space.

The faucet opens on cold water when the handle is in upward position, allowing energy savings and avoiding risks of scalding.

Easy Installation

The installation of a BARiL faucet is very sturdy and simple, thanks to our threaded nut with easy-to-reach screws, even in tight location.

BARiL

STYLE × FUNCTION

3-points tightening make the installation very sturdy: it will not loosen.

Softpex Supply Lines

Corrosion and kink resistant, color coded. Swivel connection nuts to water inlets to facilitate the installation, and avoid twisting of the supply lines.

Quick Connection —

The brass connection facilitates the sprayhead hose's connection to the water supply. Complete the connexion with a simple click - no tools required.

BARiL
STYLE × FUNCTION

Superswivel Sprayhead —

The integrated ball joint of the handspray hose makes the sprayhead very easy and smooth to rotate while allowing multidirectionnal movements.

BARiL

STYLE × FUNCTION

Ergonomic Faucet

Convenient to fill large pots and tall pitchers, BARiL faucets are designed to fit anywhere, on any sink configurations (single bowl, double bowls, etc.).
