

# B04 PETITE —

**BARiL**  
STYLE × FUNCTION

Born from the desire to offer a versatile and timeless product, reminiscent of the ubiquitous little (PETITE) black dress, this collection will seduce you by its simplicity. Composed of accessible faucets and accessories, PETITE displays delicate and refined lines, yet is built with solid premium components. This collection is available in a wide range of finishes, including our new Black Titanium (KM).

# B04 PETITE

B04-8100-00L-xx

Single lever wall-mounted lavatory faucet, drain not included

# BARiL

STYLE × FUNCTION

## Easy installation

One-piece rough and adjustable depth from your finished wall for a very easy and sturdy installation

## High quality material

BARiL faucets last longer because they are forged of solid brass thicker than average

## Flawless finish

Multiple finishes available to give a personal touch to your faucet. Made with best technologies available

## European cartridge

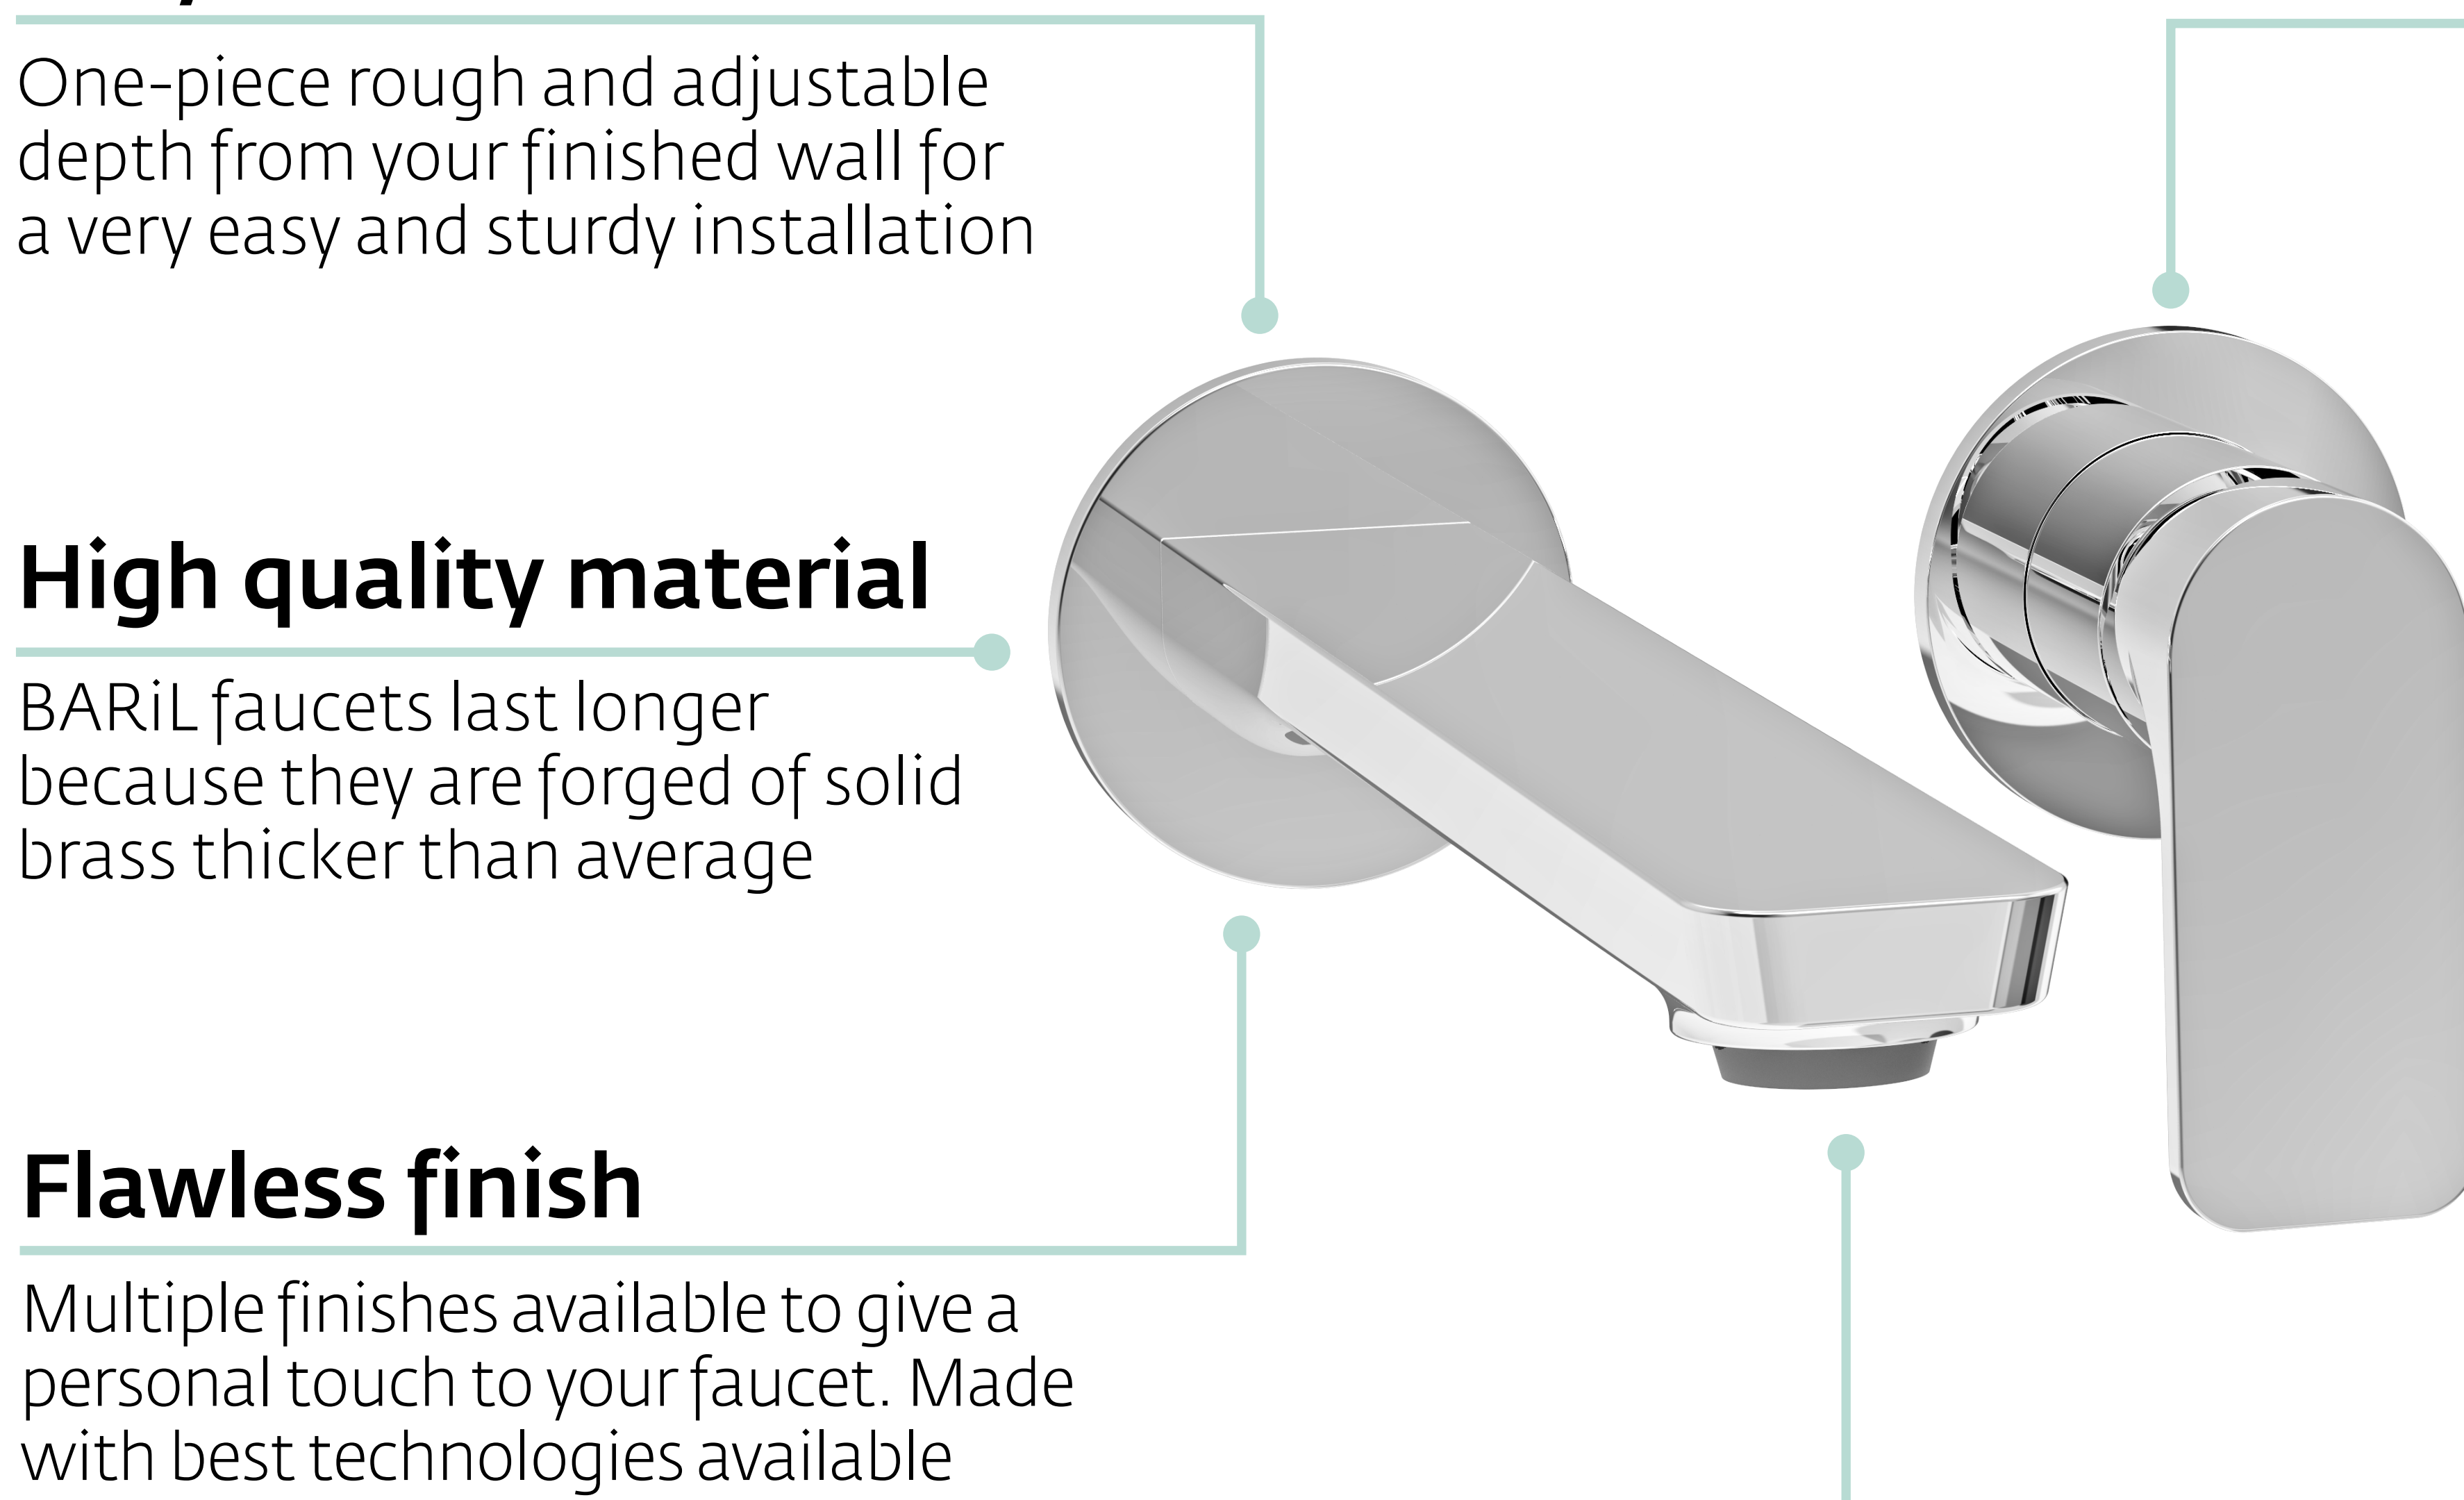

Made with high performance ceramic, this cartridge is amongst the most durable on the market

## Refined design

Delicate and sophisticated square spout paired with a rounded handle, for an elegant and timeless design.

## Adjustable aerator

Allows adjustments in the water stream's direction by the touch of a finger

stream

# Adjustable Aerator

**BARiL**  
STYLE × FUNCTION

Our easy-to-clean German-made swivel aerator lets you direct the flow where you want it. Simply rub this soft silicon aerator with your finger to clean it, and continue to enjoy its perfect crystal-clear stream. No more splashing!

## Ecological Options

BARiL is supporting the environment by offering options to reduce the water flow thereby economising your water usage

# Attention to Detail

BARiL faucets are designed with both style and function in mind. The thin flanges and the delicacy of the spout are only two examples of our dual design thinking.

## Dimensions:

- Model: B04-8100-00L-xx
- Flange diameter: 2-3/8"
- Center to center: 4"
- Height: 2-1/2"
- Spout reach: 7-1/2"

# Easy installation —

Trouble free installation thanks to a one-piece rough mounted on a steel plate: easy to fix and to level, no risk of misalignment of spout and handle.

# BARiL

STYLE × FUNCTION

## Adjustable depth from your finished wall

1" range of depth adjustment

## Separate downward-pointing hot and cold connections

This construction makes it very easy to connect your waterways

## Plastic protectors

Provide help for the rough installation (drilling template, indication of depth versus finished wall), and protect the rough during finishing steps.
