### Round Front Bowl #301401

### LH Lever Tank #301400

### RH Lever Tank #301400-R

A modern concept washdown 0.8 gpf (3.0 lpf) easy height single flush high efficiency toilet (HET) featuring side lever activation providing substantial water saving compared to other HET standard toilets and smooth contours for easy cleaning. The bowl has been designed with a 12" (305mm) outlet rough-in. The tank incorporates a high performance barrel style flushing valve which has been specially developed with this bowl to ensure optimum flushing performance. Due to the substantial water saving benefits achieved by the 0.8 gpf (3.0 lpf) single flush system, this toilet is suitable for multi-purpose applications where water conservation is important.
