

## Your Renovation Destination

### **BATHROOM RENOVATION CHECKLIST**

Dynasty Bathrooms is pleased to assist in your upcoming renovation, big or small, from concept to completion, we're there the whole way. This checklist includes the most common elements and information required for a bathroom renovation. In order to provide you the best possible service fill out as much information as you can, provide a layout and take photos, then visit either of our two showrooms where our sales consultants can show you products that will suit your space and budget. Following your in-store visit, if you were interested in one of the installation teams to perform the work, an appointment can be booked by one of our estimators who will visit your home, take measurements then following provide you with a 4-page written estimate detailing products, detailed scope of labour and payment schedule.
